

RGP Global Sector Fd F

As of 2024-08-31

Fund Investment Objectives

This Fund's objective is to provide long-term growth by investing mostly in global equity securities, either directly or through investments in securities of ETFs or mutual funds. These are the strategies the Manager uses to try to achieve the Fund's objective: • invests most of its assets in equities, and allocates them to various global sectors according to a strategic allocation model; • identifies industries or sectors with favourable long-term trends, high growth potential, near term market opportunities, or attractive valuations. The Manager invests, either directly or indirectly, in companies he considers best exposed to these factors;

RGP Investments Funds investment instructions received before 4:00 p.m. (Eastern Time Zone), on a day the Toronto Stock Exchange is open for business ("valuation date"), are carried out at the price in effect on that day. Instructions received after 4:00 PM (Eastern Time Zone), will be processed at the next valuation date's price.

The RGP Investments Funds are not guaranteed, their value fluctuates frequently, and their past performance is not indicative of their future returns. Please read the fund's prospectus or Fund Facts document before investing. Investors will pay management fees and expenses may pay commissions or trailing commissions. Investors may experience a gain or loss.

The indicated rates of return are the historical annual compounded total returns including changes in unit value and the reinvestment of all distributions and do not take into account sales, redemption, distribution, optional charges, or income taxes payable by any securityholder that would have reduced returns. The value of mutual funds change frequently and past performance may not be repeated.

Graphs are only used to illustrate the effects of the compound growth rate and do not reflect future values of any fund or returns on investment of any fund.

Assets allocation may total greater than/less than 100% due to rounding effects.
