**RGP Investments Funds Announce an Amendment to the Sectorwise Funds Facts**

**Québec, March 3, 2021** – The RGP Investments Funds (as defined below) announce that, in the course of internal reviews, it was noted that an error appeared in the section entitled "*What does the fund invest in?*" of the fund facts of the Sectorwise Conservative Portfolio, Sectorwise Balanced Portfolio, Sectorwise Growth Portfolio (the "**Sectorwise Funds**").

This section stated as follows for all Sectorwise Funds:

"This fund's objective is to provide long-term growth by investing mostly in global equity securities through sector-based exchange traded funds. The fund will only invest in an ETF if it is an index participation unit."

This section should have read as follows:

Sectorwise Balanced Portfolio:	"The fund's investment objective is to produce a combination of income and long-term capital appreciation by investing primarily in a diversified mix of mutual funds (which may include exchange-traded funds (ETFs)) in order to have access to equity securities and fixed income securities, whether Canadian or foreign."
Sectorwise Growth Portfolio:	"The fund's investment objective is to produce long-term capital appreciation and some investment income by investing primarily in a diversified mix of mutual funds (which may include exchange-traded funds (ETFs)) which are Canadian, global or foreign fixed income and equity funds."
